

YOU LOST YOUR TOOTH

Dear _____

I heard that you've lost your tooth and I have come to collect it. There's a special place in my castle for your tooth and I will make sure I look after it from now on.

A new tooth is on the way to replace the one that you just lost. I know that you will take care of it by brushing it every day.

I hope you like what I left for you last night under your pillow. I will visit you again the next time you lose a tooth.
